

## European Museum Academy

A EUROPEAN MUSEUM EXPERTISE FOUNDATION

December 2020

Dear Sir/Madam

For the second year The European Museum Academy invites students on master level programmes to participate in our efforts to stimulate further development of the museum sector in Europe. Each of the 50+ European Universities - of which you are one - may contribute with one master paper (max. 50 pages) in English, from which a panel of judges from the European Museum Academy pool of experts will select **The European Museum Academy Master Study of the Year**. *The overall criteria for assessing the master studies is the extent of European relevance and inspiration.*

The European Museum Academy will provide the opportunity to publish the participating studies and will especially promote the selected master study of the year through available channels of our network. The author of the selected master study and his/her tutor will be invited to attend the European Museum Academy annual award ceremony and will receive our seal of appreciation on the stage. All participating students and their tutors will - independently of the results of the competition - receive a certificate for their participation and contribution to museum development in Europe.

We hope you will keep an eye open during the academic year for especially interesting master studies in museology, museum studies or museum education. The deadline for sending us a master study for our panel of judges is **1 October 2021**. Eligible contributions are master studies submitted to universities in Europe after 1 October 2020. The master study should be sent to me at the following address: [director@europeanmuseumacademy.eu](mailto:director@europeanmuseumacademy.eu)

Please find attached poster and presentation of the award which I ask you to disseminate as you find appropriate.

Yours sincerely

Henrik Zipsane, PhD  
EMA Managing Director
