The **DASA Award** (open to all kinds of museums and museums of any age)

The DASA Award puts the spotlight on educational programmes and exhibitions within (or with) museums. It ranges beyond programmes itself and takes learning opportunities in the broad sense of the word. The jury of museum experts will pay attention to aspects like innovative and daring approaches, whether there is an active participation of the audience, if and how there is a connection with communities and (local) partners, to what extent the programmes include people with (learning) disabilities, in what way societal issues are addressed, and such. Evaluation methodology and its results will be part of the review too.

QUESTIONNAIRE for candidates

Please supply two typewritten pages (Word format) in English concentrating on the following aspects:

Institutional Structure

- How many staff members are employed in museum education or museum learning? (what percentage of the total staff)?
- How are the educational and learning programmes financed?
- How does the museum create meaningful and engaging learning environments?

- What are the preferred educational methods used?
- What role does the museum visitor play in this educational/learning scenario?
- Does lifelong learning play a role in the museum's educational approach?

Target Groups

- Does the museum work with communities of a contemporary diverse society including people with disabilities?

Programmes
